MANAGEMENT INFORMATION CIRCULAR
as at May 8, 2018 *(except as otherwise indicated)*

This Management Information Circular (the “Information Circular”) is furnished in connection with the solicitation of proxies by the management of the Company for use at the annual general meeting (the “Meeting”) of its shareholders to be held on June 20, 2018 at the time and place and for the purposes set forth in the accompanying Notice of the Meeting. In this Information Circular, references to “the Company”, “we” and “our” refer to Prophecy Development Corp. “Common Shares” means the Common shares without par value in the capital of the Company.

The Company is utilizing the notice-and-access mechanism (the “**Notice-and-Access Provisions**”), that came into effect February 11, 2013 for meetings held on or after March 1, 2013, under National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) and National Instrument 51-102 *Continuous Disclosure Obligations* (“**NI 51-102**”) for distribution of this Information Circular to non-registered shareholders of the Company. See *General Proxy Information – Notice-and-Access* for further information.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies by management will be conducted primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the Meeting materials to beneficial owners of the Common Shares held of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the “**Proxy**”) are directors or officers of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy. If your Common Shares are held in physical (i.e. paper) form and actually registered in your name, then you are a registered shareholder (“Registered Shareholder”). However, if like most shareholders you keep your Common Shares in a brokerage account, then you are a beneficial shareholder (“Beneficial Shareholder”). The manner for voting is different for Registered and Beneficial Shareholders and you need to carefully read the instructions below.** “Beneficial Shareholders” means shareholders who do not hold Common Shares in their own name and “intermediaries” refers to brokers, investment firms, clearing houses and similar entities that own securities on

behalf of Beneficial Shareholders.

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified;
- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that may properly come before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter.

Registered Shareholders

Registered Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered Shareholders electing to submit a proxy may do so by:

- (a) completing, dating and signing the enclosed form of proxy and returning it to the Company's transfer agent, Computershare Trust Company of Canada ("**Computershare**"), by fax within North America at 1-866-249-7775, outside North America at 1-416-263-9524, or by mail to the 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 or by hand delivery at 3rd Floor, 510 Burrard Street, Vancouver, British Columbia, Canada V6C 3B9;
- (b) using a touch-tone phone to transmit voting choices to a toll-free number. Registered Shareholders must follow the instructions of the voice response system and refer to the enclosed proxy form for the toll free number, the holder's account number and the proxy access number; or
- (c) using the internet through the website of the Company's transfer agent at www.computershare.com/ca/proxy. Registered Shareholders must follow the instructions that appear on the screen and refer to the enclosed proxy form for the holder's account number and the proxy access number.

In all cases ensuring that the proxy must be received by no later than 10:00 AM (PST) on June 18, 2018 or at least 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting at which the proxy is to be used.

Notice-and-Access

As noted above, the Company is utilizing Notice-and-Access Provisions that came into effect on February 11, 2013 under NI 54-101 and NI 51-102 for distribution of this Information Circular to non-registered shareholders.

The Notice-and-Access Provisions are a set of rules that allow reporting issuers to post electronic versions of proxy-related materials (such as proxy circulars and annual financial statements) on-line, via the System for Electronic Document Analysis and Retrieval ("**SEDAR**") and at least one other website, rather than mailing paper copies of such materials to non-registered shareholders. Electronic copies of this Information Circular, annual financial

statements of the Company for the year ended December 31, 2017 and management's discussion and analysis of the Company's results of operations and financial condition for the year ended December 31, 2017 may be found under the Company's SEDAR profile at www.SEDAR.com and on the Company's website at www.prophecydev.com under "Investor – Shareholder Meetings – 2018 AGM".

The Company will not use procedures known as "stratification" in relation to the use of Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of this Information Circular to some shareholders with the notice package.

In relation to the Meeting, non-registered shareholders will receive the required documentation under the Notice-and-Access Provisions, which will not include a paper copy of this Information Circular. Shareholders are reminded to review this Information Circular.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold their Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the names of the shareholder's broker or an agent of that broker. In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of beneficial owners – those who object to their name being made known to the issuers of securities which they own (called OBOs for objecting beneficial owners), and those who do not object to the issuers of the securities they own knowing who they are (called NOBOs for non-objecting beneficial owners).

The Company is taking advantage of the provisions of NI 54-101 that permit it to deliver proxy-related materials directly to its NOBOs. As a result, NOBOs can expect to receive a scannable Voting Information Form ("**VIF**") from Computershare, our transfer agent. The VIF is to be completed and returned to Computershare in the envelope provided or by facsimile to the number provided in the VIF. In addition, Computershare provides both telephone voting and internet voting as described on the VIF itself which contain complete instructions. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive.

The Meeting materials are being sent to Beneficial Shareholders who are NOBOs. If you are a Beneficial Shareholder, and the Company or its agent sent these materials directly to you, your name, address and information about your holdings of securities were obtained in accordance with applicable securities regulatory requirements from the intermediary holding securities on your behalf.

By choosing to send the Meeting materials to you directly, the Company (and not the intermediary holding Common Shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your VIF as specified in the request for voting instructions sent to you.

The Company is taking advantage of the provisions of NI 54-101 that permit it to deliver proxy-related materials indirectly through intermediaries to its OBOs. The Company will pay these intermediaries to deliver Meeting materials to OBOs. Intermediaries are responsible for delivering the Meeting materials to OBOs unless the OBO has waived the right to receive them. Beneficial Shareholders who are OBOs should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the Proxy provided to Registered Shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in the United States and in Canada. Broadridge mails a VIF in lieu of a proxy provided by the Company. The VIF will name the same persons as the Company's Proxy to represent your Common Shares at the Meeting. You have the right to appoint a person (who need not be a shareholder of the Company) different from the persons designated in the VIF, to represent your Common Shares at the Meeting, and that person may be you. To exercise this right, insert the name of the desired representative (which may be you) in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting and the appointment of any shareholder's representative. **If you receive a VIF from Broadridge, it must be completed and returned to Broadridge in accordance with Broadridge's instructions, well in advance of the Meeting in order to: (a) have your Common Shares voted as you instruct; or (b) have any alternate representative you may choose duly appointed to attend the Meeting and vote your Common Shares.**

Alternatively, you can request in writing that your broker send you a proxy which would enable you, or a person designated by you, to attend the Meeting and vote your Common Shares.

Notice to Shareholders in the United States

The solicitation of proxies and the transactions contemplated in this Information Circular involve securities of an issuer located in Canada and are being effected in accordance with the corporate laws of the Province of British Columbia, Canada and securities laws of the provinces of Canada. The proxy solicitation rules under the United States *Securities Exchange Act* of 1934, as amended, are not applicable to the Company or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is amalgamated under the *Business Corporations Act* (British Columbia) (the "**BCBCA**"), as amended, certain of its directors and its executive officers are residents of Canada or elsewhere, and its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves

to a judgment made by a United States court.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a Registered Shareholder who has given a proxy may revoke it by:

- (a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the Registered Shareholder or the Registered Shareholder's authorized attorney in writing or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to Computershare at the address shown on the preceding page or at the address of the registered office of the Company at Suite 1610 – 409 Granville Street, Vancouver, British Columbia Canada V6C 1T2 at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or
- (b) personally attending the Meeting and voting the Registered Shareholder's Common Shares.

Beneficial Shareholders who wish to change their votes must arrange for their respective intermediaries to revoke the proxy on their behalf.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than as set out herein, no director or executive officer of the Company, or any person who has held such a position since the beginning of the last completed financial year of the Company, nor any nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors.

RECORD DATE, VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The board of directors (the "**Board**") of the Company has fixed May 8, 2018 as the record date (the "**Record Date**") for determination of persons entitled to receive notice of and vote their Common Shares at the Meeting. Only shareholders of record at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deliver a form of proxy in the manner and subject to the provisions described above will be entitled to vote or to have their Common Shares voted at the Meeting.

The Common Shares of the Company commenced trading on the Toronto Stock Exchange ("**TSX**") on October 19, 2011. Prior thereto the Common Shares were listed on the TSX Venture Exchange ("**TSXV**"). The Company is authorized to issue an unlimited number of Common Shares, and as of the Record Date, there were 7,475,304 Common Shares issued and outstanding, each carrying the right to one vote. No group of shareholders has the right to elect a specified number of directors, nor are there cumulative or similar voting rights attached to the Common Shares.

To the knowledge of the directors and executive officers of the Company the following are the registered holders of Common Shares carrying more than 10% of the voting rights:

Shareholder Name ⁽¹⁾	Number of Shares Held ⁽¹⁾	Percentage of Issued Shares ⁽¹⁾
CDS & CO (NCI) ⁽²⁾	6,676,676	89.32%

Notes:

- (1) The above information was supplied by the Company's transfer agent, Computershare.
(2) CDS & CO is a share depository, the beneficial ownership of the Common Shares they hold is unknown to the Company.

FINANCIAL STATEMENTS

The audited consolidated financial statements of the Company for the fiscal year ended December 31, 2017, report of the auditor, and related management discussion and analysis will be placed before the Meeting. These documents have been filed with the securities commissions or similar regulatory authorities in each of Alberta, British Columbia and Ontario. VOTES NECESSARY TO PASS RESOLUTIONS

A simple majority of affirmative votes cast at the Meeting is required to pass the resolutions described herein.

If there are more nominees for election as directors than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed by acclamation. See also *Majority Voting Policy* below.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

To the knowledge of management of the Company, no informed person (a director, officer or holder of 10% or more of the Common Shares) of the Company or any associate or affiliate of any informed person had any interest in any transaction which has materially affected or would materially affect the Company or any of its subsidiaries during the year ended December 31, 2017, or has any interest in any material transaction in the current year other than as set out in a document already disclosed to the public.

DIRECTORS

NUMBER OF DIRECTORS

The Company currently has four directors, although shareholders approved the number to be fixed at five at the Company's last annual general meeting. The Board proposes that the number of directors be fixed at four. Shareholders will therefore be asked to approve an ordinary resolution that the number of directors elected be fixed at four, and that the Board be authorized to appoint new directors as necessary to fill any vacancies on the Board.

Management of the Company recommends that you vote IN FAVOUR of fixing the number of directors at four and authorizing the Board to appoint new directors to fill any vacancies on the Board. In the absence of

Majority Voting Policy

The Board adopted a majority voting policy on March 25, 2014. The policy stipulates that if the votes in favour of the election of an individual director nominee at a meeting of shareholders represent less than the number that voted "withheld" in respect of such election, the nominee will submit his or her resignation promptly after the Meeting for the consideration of the Corporate Governance and Compensation Committee (the "CGCC"). The CGCC will make a recommendation to the Board after reviewing the matter, and the Board will then decide whether to accept or reject the resignation. The Board's decision to accept or reject the resignation offer will be disclosed to the public. The nominee will not participate in any CGCC deliberations on the resignation offer. The policy does not apply in circumstances involving contested director elections.

Advance Notice Policy

The Board adopted an advance notice policy (the "**Advance Notice Policy**") on March 25, 2014. The Advance

Notice Policy provides for advance notice to the Company in circumstances where nominations of persons for election to the Board are made by shareholders of the Company other than pursuant to (i) a requisition of a meeting made pursuant to the provisions of the BCBCA or (ii) a shareholder proposal made pursuant to the provisions of the BCBCA.

The purpose of the Advance Notice Policy is to foster a variety of interests of the shareholders and the Company by ensuring that all shareholders - including those participating in a meeting by proxy rather than in person - receive adequate notice of the nominations to be considered at a meeting and can thereby exercise their voting rights in an informed manner. Among other things, the Advance Notice Policy fixes a deadline by which holders of Common Shares must submit director nominations to the Company prior to any annual or special meeting of shareholders and sets forth the minimum information that a shareholder must include in the notice to the Company for the notice to be in proper written form.

As of the date of this Information Circular, the Company has not received notice of a nomination in compliance with the Advance Notice Policy.

APPOINTMENT OF AUDITOR

Davidson & Company LLP, Chartered Accountants, of 1200 – 609 Granville Street, Vancouver, British Columbia, V7Y 1G6, will be proposed at the Meeting for appointment as auditor of the Company until the close of business at the next annual meeting, at remuneration to be fixed by the directors. The Audit Committee and Board approved Davidson & Company LLP, who have been auditors for the Company since November 21, 2013.

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

Audit Committee Charter

The Audit Committee's charter sets out the Audit Committee's mandate and responsibilities. The charter is attached to the Company's 2017 Annual Information Form filing which can be found under the Company's SEDAR profile at www.SEDAR.com.

The Audit Committee currently consists of Greg Hall (Chairman), Harald Batista and Masa Igata. All members of the Audit Committee are independent and financially literate.

The Audit Committee reviews all financial statements of the Company prior to their publication, reviews audits, considers the adequacy of audit procedures, recommends the appointment of independent auditors, reviews and approves the professional services to be rendered by them and reviews fees for audit services. The Audit Committee charter has set criteria for membership which all members of the Audit Committee are required to meet consistent with National Instrument 52-110, *Audit Committees* and other applicable regulatory requirements. The Audit Committee, as needed, meets separately (without management present) with the Company's auditors to discuss the various aspects of the Company's financial statements and the independent audit.

Relevant Education and Experience

As a result of their education and experience, each member of the Audit Committee has familiarity with, an

understanding of, or experience in:

- the accounting principles used by the Company to prepare its financial statements;
- the ability to assess the general application of those principles in connection with estimates, accruals and reserves;
- reviewing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company's financial statements; and
- an understanding of internal controls and procedures for financial reporting.

See disclosure under *Biographical Information of Management's Nominees for Director* for relevant education and experience of members of the Audit Committee.

Pre-Approval Policies for Non-audit Services

The Company's auditor, Davidson & Company LLP, has not provided any material non-audit services during the most recently completed fiscal year other than tax fees captioned below.

The Company has procedures for the review and pre-approval of any services performed by its auditor. The procedures require that all proposed engagements of its auditor for audit and non-audit services be submitted to the Audit Committee for approval prior to the beginning of any such services. The Audit Committee considers such requests and, if acceptable to a majority of the Audit Committee members, pre-approves such audit and non-audit services by a resolution authorizing management to engage the Company's auditor for such audit and non-audit services, with set maximum dollar amounts for each itemized service. During such deliberations, the Audit Committee assesses, among other factors, whether the services requested and the fees related to such services could impair the independence of the auditors.

External Auditor Service Fees

The Audit Committee has reviewed the nature and amount of the audit and non-audit services provided by Davidson & Company LLP, Chartered Accountants to the Company to ensure auditor independence. Fees incurred with Davidson & Company LLP for audit and non-audit services in the last two fiscal years are outlined in the following table.

Nature of Services	Year Ended December 31, 2017	Year Ended December 31, 2016

CORPORATE GOVERNANCE

Mandate of the Board of Directors

The Board has a formal mandate as outlined in the Corporate Governance Policies and Procedures Manual, as amended (the "**Manual**"). The Manual mandates the Board to: (i) oversee management of the Company, (ii) exercise business judgment, (iii) understand the Company and its business, (iv) establish effective systems, (v) protect confidentiality and proprietary information, and (vi) prepare for and attend Board, committee and shareholder meetings. The Manual also includes written charters for each committee and it contains a Code of Ethics, policies dealing with issuance of news releases and disclosure documents, as well as share trading black-out periods. Further, in the Manual, the Board encourages but does not require continuing education for all the Company's directors.

Composition of the Board

Applicable governance policies require that a listed issuer's board of directors determine the status of each director as independent or not, based on each director's interest in or other relationship with the Company. Applicable governance policies recommend that a board of directors be constituted with a majority of directors who qualify as independent directors (as defined below). A board of directors should also examine its size with a view to determining the impact of the number of directors upon the effectiveness of the board of directors, and the board of directors should implement a system which enables an individual director to engage an outside advisor at the expense of the Company in appropriate circumstances. The Company's policies permit retention of independent advisors for members of the board of directors and committees when they consider it advisable.

An "independent" director is one who "has no direct or indirect material relationship" with the Company. Generally speaking, a director is independent if he or she is free from any employment, business or other relationship which could, or could reasonably be expected to materially interfere with the exercise of the director's independent judgement. A material relationship includes having been (or having a family member who has been) within the last three years an employee or executive of the Company or employed by the Company's external auditor. An individual who (or whose family member) is or has been within the last three years, an executive officer of such an entity is deemed to have a material relationship as is any individual who (or whose family members or partners) received directly or indirectly, any consulting, advisory, accounting or legal fee or investment banking compensation from the Company (other than compensation for acting as a director or as a part time chairman or vice-chairman).

The Board is proposing four nominees to be elected to the office of director, of whom three of the nominees, being a majority of the Board, can be considered "independent" directors. The "independent" nominees are: Harald Batista, Greg Hall and Masa Igata. These nominees are considered independent by virtue of not being executive officers of the Company and having received no compensation other than in their role as directors. The sole non-independent director is John Lee, who is Executive Chairman of the Board and Interim CEO of the Company.

Committees of the Board

Applicable regulatory governance policies require that: (i) committees of the Board be composed of at least a

majority of independent directors; (ii) the Board expressly assume responsibility, or assign to a committee of the Board, responsibility for the development of the Company's approach to governance issues; (iii) the Board's Audit Committee be composed only of independent directors, and the role of the Audit Committee be specifically defined and include the responsibility for overseeing management's system of internal controls; (iv) the Audit Committee have direct access to the Company's external auditor; and (v) the Board appoint a committee, composed of a majority of independent directors, with the responsibility for proposing new nominees to the Board and for assessing directors on an on-going basis.

Corporate Governance and Compensation Committee

The Board has a CGCC (as previously defined) that formalizes the process of ensuring high calibre directors and proper director succession planning. The CGCC considered and recommended re-election of each member of the current Board at the Meeting. The CGCC currently consists of Greg Hall (Chairman), Harald Batista and Masa Igata. All members are "independent" and have direct experience relevant to their responsibilities on the CGCC.

The Board monitors the activities of the senior management through regular meetings and discussions amongst the Board and between the Board and senior management. The Board is of the view that its communication policy between senior management, members of the Board and shareholders is good. The CGCC also recommends compensation for the directors and executive officers of the Company. See further disclosure under *Statement of Executive Compensation*. The CGCC charter is available for review on request.

The function of the CGCC further includes the review, on an annual basis, of the compensation paid to the Company's executive officers and directors, to review the performance of the Company's executive officers and to make recommendations on compensation to the Board.

The CGCC periodically considers the grant of incentive Awards under the 2016 Plan (as such terms are defined below). Stock options have been granted to directors, executive officers, employees and consultants taking into account competitive compensation factors and the belief that options help to align the interests of directors, executive officers, employees and consultants with the interests of shareholders.

Disclosure Protocol

The Company has a Disclosure Controls and Procedures Policy that seeks input from senior management, independent directors and legal counsel to assess material relating to disclosure matters and regulatory requirements. The Disclosure Controls and Procedures Policy is available for review on request.

Board Decisions

Any responsibility which is not delegated to senior management or to a Board committee remains with the full Board, which is addressed through board discussions, meetings and resolutions.

Recruitment of New Directors and Assessment of Board of Directors Performance

Good governance policies include that (i) the board of directors implement a process for assessing the effectiveness of the Board and its committees, and the contribution of individual directors, (ii) provide an orientation and education program for new directors, and (iii) review the adequacy and form of compensation of directors to reflect the responsibilities and risks involved in being an effective director.

Please see the discussion concerning the CGCC above.

The following table sets forth the record of attendance at Board, Audit Committee and CGCC meetings by Directors for the year ended December 31, 2017.

(2) Mr. Batista was appointed to the Board on July 27, 2012 and as a member of the Audit Committee and CGCC on August 7, 2012.

(3) Mr. Igata was appointed to the Board and as a member of the Audit Committee and CGCC on April 23, 2014.

(4) No CGCC meetings were held during the year ended December 31, 2017.

Directorships

Other than Greg Hall, who is also currently a director of Montan Mining Corp. (TSX-V:MNY), none of the Company's directors serve on the board of any other reporting company.

Orientation and Continuing Education

The Company has traditionally retained experienced mining and public company professionals as directors and hence any orientation needed is minimized. When new directors are appointed, they are acquainted with the Company's mineral projects and the expectations of directors. Board meetings generally include presentations by the Company's senior management and project staff in order to give the directors insight into the Company's operations and plans.

Position Descriptions

Written position descriptions have been developed by the Board for the Chairman of the Board and the CEO of the Company.

The position description for the Chairman of the Board delegates to him the responsibility for, among other things, leadership of the Board of Directors, ensuring its effectiveness including:

- Preparation for, and the conduct of, Board meetings
- Ensuring quality, quantity and timeliness of the information that goes to Board members
- Formation of Board committees and the integration of their activity with the work of the Board
- Evaluation of the Board's effectiveness and implementation of improvements
- Development of the Board, including Director recruitment, evaluation and compensation, and the ongoing formal and informal communication with and among Directors
- Chairing annual and special meetings of the shareholders
- Meeting with various groups (such as major shareholder groups), governments, the financial press, industry

associates, etc.

The position description for the CEO delegates to him the responsibility for, among other things, executing the strategy agreed by the Board and developing the Company's objectives through leadership of the senior executive team including:

- Participation in the development of the Company's vision, strategic agenda, and business plan to facilitate communication and understanding between management and the Board
- Ensuring operations conform with the Board's view on company policy
- Ensuring, in consultation with the committees and the full Board, that succession plans are in place at senior executive levels
- Participation in external relationships which fulfill the Company's obligations as a member of industry and the community
- Providing the key link between the Board and management, and as a result, has a significant communication, coaching and team-building responsibility
- Ensuring that the Company's risks are adequately addressed and appropriate internal controls are in place
- Representing the shareholders and Board to management and management to the shareholders and Board
- Carrying out special assignments in collaboration with management or the Board

The Company does not maintain separate written descriptions of the roles of the Chairs of each of the committees of the Board. Instead, it has developed written charters for each of the committees which are attached as appendices to the Manual and available for review on the Company's website at www.prophecydev.com under "Corporate – Corporate Governance" or upon request by contacting the Company. The Chair of each committee is responsible for ensuring that the applicable committee fulfills its responsibilities and duties under its governing charter.

Code of Ethics

The Board adopted a Code of Ethics on March 27, 2012, as amended on February 26, 2015, which is attached as Appendix 4 to the Manual and available for review on the Company's website at www.prophecydev.com under "Corporate – Corporate Governance" or upon request by contacting the Company. The Board also believes that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual directors' participation in decisions of the Board in which the director has a material interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the Company's annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience. The CGCC is composed entirely of independent directors, and is responsible for the identification of new director candidates for Board nomination.

Assessments

The Board monitors the adequacy of information given to directors, communication between the Board and

management and the strategic direction and processes of the Board and its committees. The CGCC oversees the performance of the Board and its Audit Committee.

Director Term Limits and Renewal

The Company has not adopted term limits for directors or other specific mechanisms for Board renewal, as it is satisfied that the terms of management's current nominees for election as directors are not high, compared to other similar public companies and prevailing governance standards. None of the nominees have served as a director of the Company for more than nine years, with one having served the shortest period at four years. The CGCC believes that the Board composition being proposed is adequately balanced between more experienced members with historical knowledge of the Company and the mining industry, and newer members who bring with them fresher perspectives. The Board recognizes the value of consistency of tenure and therefore, seeks to retain this unique skillset among its members unless circumstances require otherwise. As well, the Board believes prescribed term limits or other prescriptive mechanisms are unnecessary where boards follow good corporate governance practices and properly govern themselves. The CGCC continually reviews and assesses the contributions of existing directors and the needs of the Company with respect to Board renewal as part of its nomination process. The Board will periodically consider whether term limits or other mechanisms for Board renewal should be adopted and will implement changes if, and when appropriate.

Gender Diversity

The Company is committed to supporting a culture of inclusiveness and diversity although it has not adopted any written policy specifically relating to the identification and nomination of women directors, nor does the Board currently consider the level of representation of women when making executive officer appointments or set arbitrary targets regarding women on the Board or in executive positions. Although the Board acknowledges that diversity, including diversity of experience, perspective, education, race, gender and national origin is of value to the Company, in considering potential directors and executive officers, the CGCC will continue to seek the most qualified candidates, regardless of their gender. While the CGCC is not specifically focused on achieving any particular level of representation of women on the Board, it will continue to consider that as one of the various factors it reviews as part of its nomination and Board assessment process. The Company does not believe that having a written policy which sets specific quotas or targets is an appropriate method to achieve diversity objectives.

The Company has been successful in recruiting a woman to one of its key leadership positions, and does not believe that any gender bias has existed or exists in its hiring or promotion decisions. For that reason, no affirmative action is required to ensure women have an equal opportunity within the Company. As of May 8, 2017, there are no women members of the Board. Of the five executive officers of the Company, one is a woman: Irina Plavutska, Chief Financial Officer, representing 20% of the overall executive officer positions within the Company. Ms. Plavutska joined the Company on August 23, 2010 and has been an executive officer of the Company since September 11, 2013. The Company will continue to monitor its gender diversity and disclose the results to its shareholders on an annual basis.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

As indicated above, the CGCC assists the Board in carrying out its responsibilities and decision making process

relating to executive and director compensation for the Company and its subsidiaries. The CGCC has the following duties, responsibilities and authority:

- (a) to recommend to the Board the form and amount of compensation to be paid by the Company to directors for service on the Board and on its committees. The CGCC shall review director compensation at least annually;
- (b) to annually review the Company's base compensation structure and the Company's incentive compensation, stock option and other share-based compensation plans and recommend changes in or additions to such structure and plans to the Board as needed;
- (c) to recommend to the Board the annual base compensation of the Company's executive officers;
- (d) to recommend to the Board annual corporate goals and objectives under any incentive compensation plan adopted by the Company for officers and non-officer personnel providing services to the Company, and recommend incentive compensation participation levels for officers and non-officer personnel providing services to the Company under any such incentive compensation plan. In determining the incentive component of compensation, the CGCC will consider the Company's performance and relative shareholder return, the values of similar incentives at comparable companies and the awards given in past years;
- (e) to evaluate the performance of officers generally and in light of annual corporate goals and objectives under any incentive compensation plan;
- (f) to provide oversight of the performance evaluation and incentive compensation of non-officer personnel providing services to the Company; and
- (g) to administer the Company's stock option and other share-based compensation plans and determine the grants of stock options and other share-based compensation.

See disclosure under *Biographical Information of Management's Nominees for Director* for relevant education and experience of members of the CGCC.

The CGCC has not considered the implications of the risks associated with the Company's compensation program.

Named Executive Officers

In this section "Named Executive Officer" (or "**NEO**") means each of the following individuals:

- (a) the Chief Executive Officer (the "**CEO**");
- (b) the Chief Financial Officer (the "**CFO**");
- (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- (d) each individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the company, nor acting in a similar capacity, at December 31, 2017.

The following disclosure sets out the compensation that the Board intended to pay, make payable, award, grant, give or otherwise provide to each NEO and director of the Company or its subsidiaries for the financial year ended December 31, 2017.

Although an NEO or director may purchase financial instruments that are designed to hedge or offset a decrease in market value of Common Shares granted as compensation or held, directly or indirectly, by the NEO or director,

no such persons currently hold or plan to purchase such financial instruments.

Report on Executive Compensation

This report on executive compensation has been approved by the CGCC. The Board assumes responsibility for reviewing and monitoring the long-range compensation strategy for the Company's senior management, although the CGCC guides it in this role. As part of its mandate, the Board determines the type and amount of compensation for the Company's NEOs. In addition, the Board reviews the methodology utilized by the Company for setting salaries of employees throughout the organization.

The CGCC receives competitive market information on compensation levels for executives. The Company's compensation policies and programs are designed to be competitive with similar mining exploration and development companies and to recognize and reward executive performance consistent with the success of the Company's business.

Philosophy and Objectives

The Company's senior management compensation program is designed to ensure that the level and form of compensation achieves certain objectives, including:

- (a) attracting and retaining talented, qualified and effective executives;
- (b) motivating the short and long-term performance of these executives; and
- (c) aligning their interests with those of the Company's shareholders.

In compensating its senior management, the Company employs a combination of base salary, bonus compensation and equity participation through its share-based compensation plan.

Base Salary/Compensation

In the Board's view, paying compensation that is competitive in the markets in which the Company operates is a first step to attracting and retaining talented, qualified and effective executives. The NEOs are remunerated in order to ensure that the compensation package offered by the Company is in line with that offered by other companies in our industry, and as an immediate means of rewarding the NEO for efforts expended on behalf of the Company.

The compensation to be paid to a particular NEO is determined by gathering competitive information on comparable companies within the industry from a variety of sources, including surveys conducted by independent consultants and national and international list publications. The Company does not engage in formal benchmarking. Payment of cash compensation fits within the objective of the compensation program since it rewards each NEO for performance of his duties and responsibilities.

Compensation of the CEO is approved by the Board. Base compensation and bonus levels are determined taking into account independent market survey data.

Bonus Compensation

There are currently no specific performance goals set by the Company for executive bonus compensation. Bonus

compensation is awarded at the discretion of the Board and the Board considers performance of the individual and the Company, competitive factors and other matters in awarding bonuses. The Company's objective is to achieve certain strategic objectives and milestones. The Board will consider executive cash and share bonus compensation dependent upon the Company meeting the Company's strategic objectives and milestones and sufficient cash resources being available.

Performance Graph

The following graph compares the cumulative shareholder return on an investment of \$100 in the Common Shares of the Company for the past five years with the S&P/TSX Composite Index from December 31, 2012 to December 31, 2017.

Note: The Company does not, nor is it contemplating in the near term, paying a dividend on its Common Shares.

Compensation levels for NEOs over the period indicated reflect their accomplishment of performance goals that are targeted at building a foundation for the long-term success of the Company. In particular, NEOs were instrumental in identifying, negotiating and closing key project acquisitions for the Company. Given the early stage of the Company's development, these achievements may not yet be recognized in the market price of the Company's Common Shares, particularly in light of difficult market conditions for mining stocks in recent years. A significant proportion of compensation for the Company's NEOs continues to be "at risk" compensation in the form of Common Shares and option grants, with the value of such Common Shares and options being directly affected by changes in share price. However, base salaries are not determined on benchmarks, performance goals or specific formula but are set to be competitive with industry levels. Discretionary cash bonuses may also be paid based upon a review of various operational and other objectives of the Company, the results of which may not have necessarily been reflected in the Company's share price in a particular year. Although certain share bonuses were granted on January 12, 2017, no discretionary cash bonuses for 2017 were paid to officers despite meeting operational and other objectives during the last fiscal year. In addition, the trading price of the Common Shares may be affected by various factors not related to the results of the Company such as changes in commodity prices and general economic conditions. Accordingly, it is difficult to specifically correlate total compensation to the trends shown in totality in the above performance graph. Over the period December 31, 2012 through December 31, 2017, total compensation received by the NEOs generally decreased for the first four fiscal years in line with total return on the Common Shares, before increasing only in the last fiscal year due mainly to previously reduced

base consulting fees and salaries being restored to previous levels, and a number of previously issued options coming “into the money” with the increase in the trading price of the Common Shares since they were issued (See *Incentive Plan Awards – Value Vested or Earned During the Year* for NEOs). During most of the latest fiscal year, total compensation levels for officers remained significantly reduced in line with the total return on the Common Shares being relatively volatile but generally trending slightly down. During the period from January 13, 2016 to August 31, 2017, consulting fee/salary levels for all NEOs were drastically reduced by between 16.67% to 50%. On September 1, 2017, following improvement in the Company’s financial position, all NEO consulting fees/salaries were restored to their original, pre-reduction levels. All NEOs (except for Bekzod Kasimov, VP, Business Development) agreed to receive a portion of their reduced salaries to February 28, 2017 and (except for Irina Plavutska, CFO) September 26, 2017, in the form of Common Shares to conserve cash resources. Furthermore, Irina Plavutska, CFO deferred subsequent payment of her reduced salary until September 1, 2017, and John Lee, Interim CEO, deferred subsequent payment of his reduced and restored consulting fee until February 20, 2018, after the Company’s cash flow situation improved. On February 1, 2018, for the first time in the Company’s history, modest salary raises of between 10-15% were given to three executive officers including NEOs: Irina Plavutska, CFO, Tony Wong, Corporate Secretary and Bekzod Kasimov, VP, Business Development.

Equity Participation – Share-Based and Option-Based Awards

The Company has a 20% fixed share-based compensation plan in place, as amended (the “**2016 Plan**”), under which the Company may grant stock options, bonus shares or stock appreciation rights (each, an “**Award**” as defined below) to acquire the equivalent of a maximum of 1,077,849 of the Company’s Common Shares. As at the date of this Information Circular, there are the equivalent of 1,008,709 options outstanding under the 2016 Plan, which constitutes 13.49% of the total issued and outstanding Common Shares of the Company.

The original 2016 share-based compensation plan (the “**Original Plan**”), was approved by the Company’s shareholders at the June 2, 2016 annual general meeting. Company shareholders approved an amendment to the Original Plan at the June 13, 2017 annual general meeting. The 2016 Plan was established to provide incentive to qualified parties being directors, officers, employees and consultants, to increase their proprietary interest in the Company through equity participation and foster their continued association with the Company. The Company believes that encouraging its directors, officers and employees to become shareholders is the best way of aligning their interests with those of its shareholders. Awards are granted to staff taking into account a number of factors, including the amount and term of options or Awards previously granted, base salary and bonuses and competitive compensation factors. Award options vest according to terms established by the 2016 Plan. At least annually, the CGCC reviews grants of Awards to directors, officers, employees and consultants.

The Company’s long term incentives are designed to foster and promote the long-term financial success of the Company by strengthening the ability of the Company to attract and retain directors, officers and qualified employees, motivate performance through incentive compensation, promote greater alignment of interests between employees and shareholders in creating long-term shareholder value, and enable employees to participate in the long-term growth and financial success of the Company. The Black-Scholes method is used to value stock options. Awards provide employees with the opportunity to participate in the growth of the Company’s share price as well as benefit from the favourable tax treatment applicable to this form of compensation.

The CGCC approves Awards to facilitate consideration of targeted direct compensation to officers. Award options are generally granted to directors and officers annually as part of the annual compensation review. Award options are granted at other times of the year to individuals commencing employment with the Company. The exercise

price for Award options is set in accordance with TSX policies and is based on the five-day volume weighted average trading price prior to the date of grant.

The CGCC may make additional amendments to the 2016 Plan subject to any necessary shareholder and regulatory approvals. Amendments to the 2016 Plan, which would require such approvals include any amendment to the 2016 Plan, which increases the number of Common Shares issuable pursuant to Awards under the 2016 Plan. During the last financial year ended December 31, 2017, the CGCC and Company shareholders approved amendments to the Original Plan at the June 13, 2017 annual general meeting in order to (a) replenish an aggregate of 218,383 Common Shares issued under the Original Plan (upon exercises of 9,687 stock options, issuances of 39,000 bonus shares, and issuances of 169,696 shares for debt) after the Original Plan was adopted on June 2, 2016; and (b) increase the number of Common Shares issuable under the Original Plan by 190,805 Common Shares, so that a maximum of 1,077,849 Common Shares (representing approximately 20% of the outstanding Common Shares) are reserved for issuance under the 2016 Plan (excluding Common Shares reserved for issuance upon exercises of stock options previously issued under the 2016 Plan).

The following is a summary of certain provisions of the 2016 Plan and is qualified in its entirety by the full text of the 2016 Plan, subject to any revisions or amendments deemed necessary by the CGCC and Board.

Purpose

The purpose of the 2016 Plan is to promote the interests and long-term success of the Company by: (i) providing certain employees, directors, officers and consultants with greater incentive to further develop and promote the Company's business and financial success; (ii) furthering the alignment of interests of persons to whom Awards (as defined below) may be granted with those of the shareholders generally through a proprietary ownership interest in the Company; and (iii) assisting the Company in attracting, retaining and motivating its employees, directors, officers and consultants.

Eligible Persons

Awards may be granted to an employee, director, officer or consultant of the Company or any of its subsidiaries (an "**Eligible Person**"). A participant ("**Participant**") is an Eligible Person to whom an Award has been granted. An "**Award**" means any Option, Bonus Share or Stock Appreciation Right (each as defined below) granted under the 2016 Plan.

Number of Common Shares Available for Awards

Subject to the adjustment provisions provided for in the 2016 Plan and the applicable rules and regulations of all regulatory authorities to which the Company is subject (including the Stock Exchange, defined in the 2016 Plan to mean: "such stock exchange or other organized market on which the Common Shares are principally listed or posted for trading from time to time, and which, for greater certainty, is the TSX" as at the date of this Information Circular), the aggregate number of Common Shares issuable pursuant to Awards granted under the 2016 Plan plus the aggregate number of Common Shares issuable pursuant to outstanding stock options granted under the 2014 Plan (as such term is defined in the 2016 Plan), must not exceed the equivalent of 1,077,849, being 20% of the total issued and outstanding Common Shares of the Company as at June 13, 2017, the date the amendments to the Original Plan were approved by the Company's shareholders, or 14.42% of the total issued and outstanding Common Shares of the Company as at the date of this Information Circular. There is currently the equivalent of 1,008,709 stock options outstanding under the 2016 Plan following the exercise of an aggregate of 6,125 options

subsequent to the 2016 Plan being amended on June 13, 2017. Therefore, provided that such number does not change, the Company would have available for issuance an additional equivalent of 63,015 Common Shares under the 2016 Plan. Common Shares available under the 2016 Plan may be used for any Option, Bonus Share or Stock Appreciation Right.

For purposes of the above, if an Award entitles the holder to receive or purchase Common Shares, the number of Common Shares covered by such Award or to which such Award relates will be counted on the date of grant of such Award against the aggregate number of Common Shares available for granting Awards under the 2016 Plan as follows: (a) every Common Share subject to a stock option to purchase Common Shares granted under the 2016 Plan (an “**Option**”) will be counted as one Common Share for every Common Share subject to such Option; (b) every Common Share that may be issued on account of a Bonus Share will be counted as one Common Share for every Common Share that may be issued on account of such Bonus Share; and (c) every Common Share that may be issued on account of a Stock Appreciation Right will be counted as one Common Share for every Common Share that may be issued on account of such Stock Appreciation Right.

If an outstanding Award for any reason expires or is terminated or cancelled without having been exercised or settled in full, or if Common Shares acquired pursuant to an Award are forfeited, the Common Shares will again be available for issuance under the 2016 Plan. Common Shares will not be deemed to have been issued pursuant to the 2016 Plan with respect to any portion of an Award that is settled in cash.

Number of Common Shares under Award Grant

Subject to complying with all requirements of the Stock Exchange and the provisions of the 2016 Plan, the number of Common Shares that may be purchased under any Award will be determined and fixed by the CGCC at the date of grant.

Maximum Award Grant

There are no maximum award grant limits under the 2016 Plan for individuals or insiders in the aggregate.

Exercise Price of Options

The exercise price per Common Share under each Option will be the volume weighted average trading price of the Common Shares as reported on the Stock Exchange for the five (5) trading days immediately preceding the day on which the Option is granted, or such greater amount as the CGCC may determine; provided, however, that the exercise price of an Option shall not be less than the Current Market Price (as such term is defined in the 2016 Plan) calculated on the Award date.

Vesting and Restrictions

Options vest according to the terms of the Option Agreement (as such term is defined in the 2016 Plan) under which they are granted.

Except as determined from time to time by the CGCC and Board, all Options will cease to vest as at the date upon which the Participant ceases to be an Eligible Person (which, in the case of an employee or consultant of the Company or its subsidiaries, will be the date on which active employment or engagement, as applicable, with the

Company or its subsidiaries terminates, specifically without regard to any period of reasonable notice or any salary continuance).

Notwithstanding the above, in the event of the death of a Participant prior to the Participant ceasing to be an Eligible Person, all Options of such Participant will become immediately vested.

Term of Options and Causes of Cessation

Subject to s. 8.3 of the 2016 Plan that deals with extensions for blackout periods and the requirements of the Stock Exchange, each Option with expire (the “**Expiry Date**”) on the earlier of:

- (a) the date determined by the CGCC and specified in the Option Agreement pursuant to which such Option is granted, provided that such date may not be later than the earlier of: (i) the date which is the tenth anniversary of the date on which such Option is granted, and (ii) the latest date permitted under the applicable rules and regulations of all regulatory authorities to which the Company is subject, including the Stock Exchange;
- (b) in the event the Participant ceases to be an Eligible Person for any reason, other than the death of the Participant or the termination of the Participant for cause, such period of time after the date on which the Participant ceases to be an Eligible Person as may be specified by the CGCC, which date must not exceed 90 days following the termination of the Participant’s employment with the Company, or in the case of Options granted to a director, officer or consultant, 90 days following the Participant ceasing to be a director, officer or a consultant, unless the CGCC otherwise determines, and which period will be specified in the Option Agreement with the Participant with respect to such Option;
- (c) in the event of the termination of the Participant as an officer, employee or consultant of the Company or a subsidiary for cause, the date of such termination;
- (d) in the event that a director is subject to any order, penalty or sanction by an applicable securities regulatory authority which relates to such director’s activities in relation to the Company, and the CGCC determines that such director’s Options should be cancelled, the date of such determination;
- (e) in the event of the death of a Participant prior to: (i) the Participant ceasing to be an Eligible Person; or (ii) the date which is the number of days specified by the CGCC pursuant to subparagraph (b) above from the date on which the Participant ceased to be an Eligible Person; the date which is one year after the date of death of such Participant or such earlier date as may be specified by the CGCC and which period will be specified in the Option Agreement with the Participant with respect to such Option; and
- (f) notwithstanding the foregoing provisions of subparagraphs (b), (c), (d) and (e) above, the CGCC may, subject to the 2016 Plan, and to regulatory approval, at any time prior to expiry of an Option, extend the period of time within which an Option may be exercised by a Participant who has ceased to be an Eligible Person, but such an extension must not be granted beyond the original expiry date of the Option as provided for in subparagraph (a) above.

Blackout Extension

Where the Expiry Date for an Option occurs during a blackout period, the Expiry Date for such Option shall be extended to the date which is ten business days following the end of such blackout period, provided that, the Expiry Date for an Option will not be extended if the Eligible Person or the Company is subject to a cease trade order (or similar order under securities laws) in respect of the Company’s securities.

Share Bonus Plan

The CGCC will have the right to issue, or reserve for issuance, for no cash consideration, to any Eligible Person, as compensation or a discretionary bonus, any number of Common Shares ("**Bonus Shares**") as the CGCC may determine. The price at which such Bonus Shares are issued will be equal to the Current Market Price.

"**Current Market Price**" means: (a) in respect of Options, the volume weighted average trading price of the Common Shares as reported on the Stock Exchange for the five (5) trading days immediately preceding the day on which the Option is granted, or such greater amount as the CGCC may determine; provided, however, that the Exercise Price of an Option shall not be less than the minimum Exercise Price required by the applicable rules of the Stock Exchange; (b) in respect of Bonus Shares, means the most recent closing price of the Common Shares on the Stock Exchange immediately prior to the grant of the Bonus Shares; and (c) in respect of Stock Appreciation Rights which are exercised: (i) the closing price of the Common Shares on the Stock Exchange on the date the notice of exercise in respect thereof is received by the Company, if such day is a Trading Day and the notice of exercise is received by the Company after regular trading hours; or (ii) the closing price of the Common Shares on the Stock Exchange on the Trading Day immediately prior to the date the notice of exercise in respect thereof is received by the Company, if the notice of exercise is received by the Company during regular trading hours, or on a non-Trading Day.

Stock Appreciation Rights Plan

The CGCC has the right, subject to the paragraphs below, to grant to any Eligible Person stock appreciation rights ("**Stock Appreciation Rights**"), with the specific terms and conditions thereof to be as provided in the 2016 Plan and in the award agreement entered into in respect of such grant.

A Stock Appreciation Right will entitle the Participant to receive from the Company the number of Common Shares, disregarding fractions, as determined on the following basis:

$$\text{Number of Common Shares} = \frac{\text{Number of Stock Appreciation Rights} \times (\text{Current Market Price} - \text{SAR Exercise Price})}{\text{Current Market Price}}, \text{ less any amount withheld on account of income taxes}$$

The exercise price per Common Share under each Stock Appreciation Right ("**SAR Exercise Price**") will be the fair market value of the Common Shares, expressed in terms of money, as determined by the CGCC, in its sole discretion, provided that such price may not be less than the SAR Fair Market Value or such other minimum price as may be permitted under the applicable rules and regulations of all regulatory authorities to which the Company is subject, including the Stock Exchange. Subject to the foregoing, the fair market value (the "**SAR Fair Market Value**") of any Common Share for the purpose of determining the SAR Exercise Price for any Stock Appreciation Right will be, unless otherwise determined by the CGCC in their discretion, the trading price at which the Common Shares traded on the Stock Exchange as of close of market on the day immediately prior to the date such Stock Appreciation Right is granted.

The obligation of the Company to issue and deliver any Stock Appreciation Rights pursuant to an Award or to deliver any Common Shares pursuant to the exercise thereof will be subject to receipt of all necessary approvals of any applicable securities regulatory authority and the Stock Exchange.

Non-Transferability of Awards

Each Award Agreement will provide that the Award granted thereunder is not transferable or assignable to anyone other than by will or by the laws governing the devolution of property, to the Participant's executor, administrator or other personal representative in the event of death of the Participant.

Procedure for Suspending, Amending or Terminating the 2016 Plan

Subject to the provisions of the 2016 Plan and the requirements of the Stock Exchange, the CGCC has the right at any time to suspend, amend or terminate the 2016 Plan or any Award agreement, including, but not limited to, the right without approval of the shareholders, to: (a) make amendments of a clerical nature, including, but not limited to, the correction of grammatical or typographical errors or clarification of terms; (b) make amendments to reflect any requirements of any regulatory authorities to which the Company is subject, including the Stock Exchange; (c) make amendments to vesting provisions of Awards; (d) extend the term of any Award held by non-insiders of the Company; (e) prior to the expiry of an Option, extend the period of time within which an Option may be exercised by a Participant who has ceased to be an Eligible Person, but such an extension shall not be granted beyond the original Expiry Date of the Option; and (f) reduce the exercise price per Common Share under any Award held by non-insiders of the Company, or replace such Award with a lower exercise price per Common Share under such replacement Award.

Other Material Information

Subject to the provisions of the 2016 Plan, appropriate adjustments to the 2016 Plan and to Awards will be made, and will be conclusively determined, by the CGCC, to give effect to adjustments in the number of Common Shares resulting from subdivisions, consolidations, substitutions, or reclassifications of the Common Shares, the payment of share dividends by the Company (other than dividends in the ordinary course) or other changes in the capital of the Company or from a Merger and Acquisition Transaction (as defined in the 2016 Plan). In the event of a Merger and Acquisition Transaction, or a proposed Merger and Acquisition Transaction, the CGCC will: (a) in an appropriate and equitable manner, determine any adjustment to the number and type of Common Shares (or other securities or other property) that thereafter will be made the subject of Awards; (b) in an appropriate and equitable manner, determine the number and type of Common Shares (or other securities or other property) subject to outstanding Awards; (c) in an appropriate and equitable manner, determine the exercise price with respect to any Award, provided, however, that the number of securities covered by any Award or to which such Award relates will always be a whole number; (d) in an appropriate and equitable manner, determine the manner in which all unexercised rights granted under the 2016 Plan will be treated including, without limitation, requiring the acceleration of the time for the exercise of such rights by the Participants, the time for the fulfilment of any conditions or restrictions on such exercise, and the time for the expiry of such rights; (e) offer any Participant the opportunity to obtain a new or replacement Award over any securities into which the Common Shares are changed or are convertible or exchangeable, on a basis proportionate to the number of Common Shares under the Award and the exercise price (and otherwise substantially upon the terms of the Award being replaced, or upon terms no less favourable to the Participant); and (f) commute for or into any other security or any other property or cash, any Award that is still capable of being exercised, upon giving to the Participant to whom such Award has been granted at least 30 days' written notice of its intention to commute such Award, and during such period of notice, the Award, to the extent it has not been exercised, may be exercised by the Participant without regard to any vesting conditions attached thereto, and on the expiry of such period of notice, the unexercised portion of the Award will lapse and be cancelled.

The Company has calculated the “grant date fair value” amounts in the ‘Option-based Awards’ column using the Black-Scholes model, a mathematical valuation model that ascribes a value to a stock option based on a number of factors in valuing the option-based awards, including the exercise price of the options, the price of the underlying security on the date the option was granted, and weighted average assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. For the year ended December 31,

2017, the following weighted average assumptions were used: Risk-free interest rate - 1.23%, expected life options in years – 4.39 years, expected volatility – 134.22%, expected dividend yield – Nil, weighted average fair value of options granted during the year - \$3.21.

On May 1, 2014, further to the voluntary forfeiture of share purchase options held by certain directors, officers, employees and service providers with expiry dates on October 19, 2014, October 29, 2014, January 26, 2015, May 10, 2015, September 21, 2015, December 24, 2015 and June 18, 2017 at exercise prices the equivalent of \$25.00 or \$28.00, the Company granted the equivalent of 35,750 new share purchase options to such individuals with an expiry date of May 1, 2019 at an exercise price the equivalent of \$6.50 per share subject to a two year vesting schedule whereby 12.5% of the options granted vest at the end of each quarter for the first two years following the date of grant. The re-issuing and re-pricing of these options was approved by the shareholders at the Company’s annual general meeting held on June 19, 2014; consequently the incremental fair value of these options was determined using the Black-Scholes option pricing model.

DIRECTOR COMPENSATION

Independent directors are paid varying amounts depending on the degree to which they are active on behalf of the Company. See the table below for amounts paid or accrued in 2017. During the period from January 13, 2016 to August 31, 2017, compensation levels for all directors was drastically reduced by 50%, from \$2,000 to \$1,000 per month, to reflect the Company's overall performance, and payment (other than for the month of September 2016) deferred to conserve cash resources, until such time as the Company's cash flow situation improved. On September 1, 2017, following improvement in the Company's financial position, all previously reduced directors fees were partially restored to \$1,300 per month, with no further deferral of any payment thereof, until such time that the Company is able to fully restore directors fees back to their original level.

PARTICULARS OF ADDITIONAL MATTERS TO BE ACTED UPON

A. APPROVAL OF SHARE SPLIT

As at May 8, 2018, the Record Date, the Company had 7,475,304 Common Shares issued and outstanding. The Company proposes to split its Common Shares on the basis of ten (10) post-split Common Shares for every one (1) pre-split Common Share issued and outstanding, or such other number of Common Shares as may be determined by the Board and as may be required to obtain approval of the share split from the TSX (the “**Split**”), when and if such Split is given effect. In addition, the exercise price and number of Common Shares of the Company issuable upon the exercise of any outstanding stock options or warrants will be proportionately adjusted to reflect the Split if it is given effect. The Split would become effective as at the discretion of the Board, at a date in the future to be determined by the Board, when and if it is considered to be in the best interest of the Company to implement the Split. The Board may determine not to implement the Split at any time after the Meeting without further action on the part of, or notice to, the shareholders.

If implemented, the Split will increase by 1000% the number of Common Shares that are outstanding and is expected to initially reduce the market price per Common Share proportionately to the subdivision ratio. The Split will not change a shareholder’s proportionate ownership in the Company. The Split will not change the total capital represented by the issued and outstanding Common Shares and there will be no change to the interest, rights or privileges of holders of Common Shares. Each Common Share outstanding after the Split will be entitled to one vote and will be fully paid and non-assessable.

Based on the current provisions of the *Income Tax Act* (Canada) and the regulations thereto in force as of the date hereof, and our understanding of the current administrative and assessing practices and policies of the Canada Revenue Agency published in writing prior to the date hereof, a holder of Common Shares will not be considered to have disposed of the Common Shares or to have acquired new Common Shares as a consequence of the Split (when and if given effect) and will not realize any taxable gain or loss in respect thereof. The holder’s aggregate cost of the Common Shares immediately after the Split will be equal to the holder’s aggregate cost of the Common Shares immediately before the Split. The cost to the holder on a per share basis will equal the aggregate cost to the holder of the Common Shares divided by the number of Common Shares held. The foregoing information is a summary of certain Canadian federal income tax considerations and should not be considered to be legal or tax advice to any particular holder of Common Shares. Holders of Common Shares are advised to consult with their own tax advisers for advice with respect to the income tax consequences of the Split in their particular circumstances, including the application and effect of the income and other tax laws of any applicable country, province, state or local tax authority.

Management believes that having a greater number of Common Shares at a reduced price per share will enhance liquidity, make the shares more accessible to a broader range of investors, and increase investor interest in the

Company and its business. Management and the Board wish to obtain the flexibility to, when and if deemed advisable by the Board, effect the Split to bring the trading price of the Common Shares into what the Board considers at such time to be a more accessible range for investors.

The Split is subject to shareholder approval pursuant to the Company's Articles and regulatory approval, including approval of the TSX.

If this resolution is adopted by the shareholders of the Company, and if the Board determines to proceed with the Split, shareholders will be notified of the effective date of the Split in advance by way of a news release and in such other manner as may be required by applicable laws and the rules of the TSX. For greater clarity, and notwithstanding if the foregoing approvals are received, the Board may, in its sole discretion, determine not to proceed with the Split without further approval from or notice to the Company's shareholders. No action will be required by shareholders of the Company to effect the split of their securities. Only shareholders of record on the effective date of the Split, when and if it is given effect, will be entitled to receive the additional post-split Common Shares resulting from the Split.

At the Meeting, shareholders will be asked to vote on the following ordinary resolution, with or without variation:

"BE IT RESOLVED, as an ordinary resolution of the shareholders of the Company, THAT:

1. subject to the approval of regulatory authorities, including the Toronto Stock Exchange ("TSX"), the Company be authorized pursuant to Subsection 9.1(3) of the Company's Articles, to split all of the issued and outstanding Common shares of the Company (the "**Common Shares**") on the basis of ten (10) post-split Common Shares for each one (1) issued and outstanding pre-split Common Share, or such other number of Common Shares, as may be determined by the Board of Directors of the Company and as may be required to obtain approval of the share split from the TSX, as at the effective date as determined by the Board of Directors of the Company (the "**Split**");
2. the directors and officers of the Company are hereby authorized to do all things necessary in order to give effect to the foregoing resolution, including applying to the TSX for approval of the Split; and
3. the Board of Directors of the Company be and are hereby authorized, in their sole and complete discretion, to revoke the present resolution before it is acted on without any further approval from, or notice to, the shareholders of the Company, as well as to delay the implementation of the Split to a date set by the Board of Directors of the Company in its discretion."

Management of the Company recommends that you vote IN FAVOUR of the Split resolution. In the absence of instructions to the contrary, the Company's proxyholders will vote the Common Shares represented by each form of proxy, properly executed, FOR approving the Split.
